

# Rules:

Put the two cards with 'Base Card' on the table. Line them up with the long sides touching.

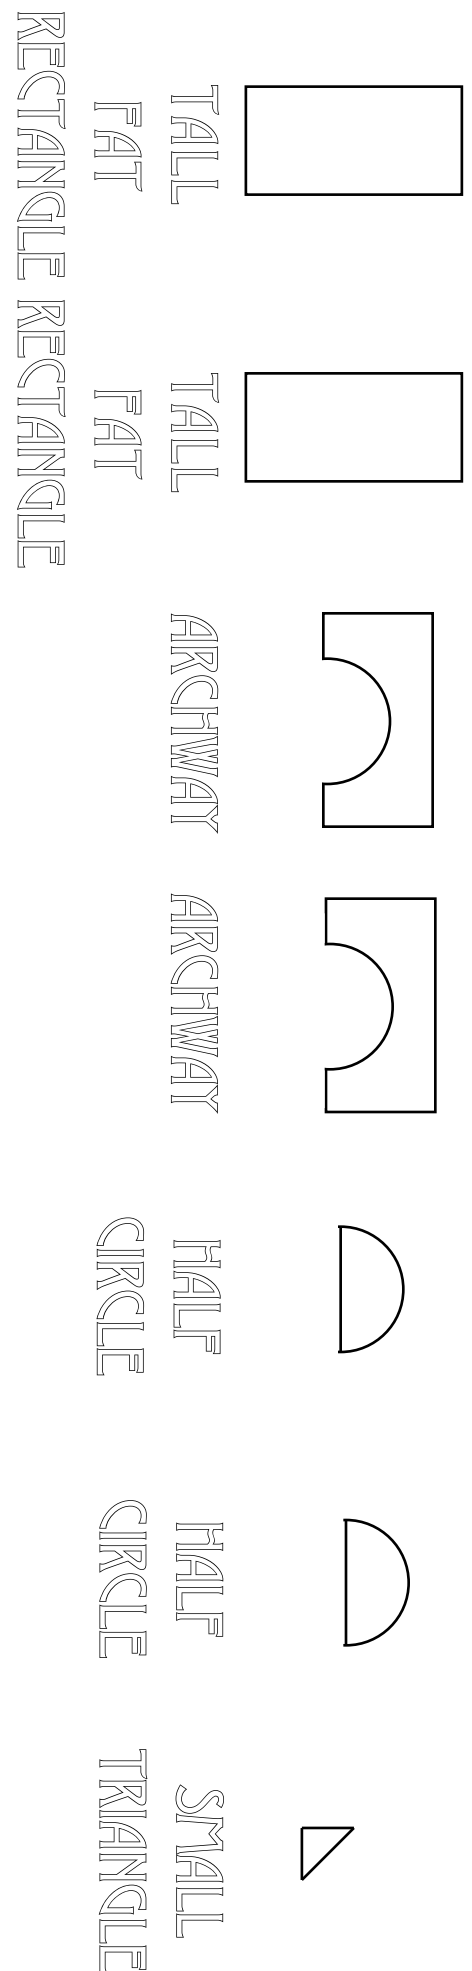

Shuffle the rest of the cards.

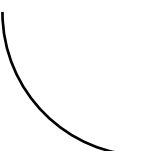

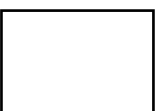

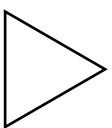

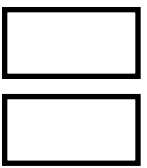

Youngest player pulls a card first.

Blocks must be placed on the base cards or other blocks any way the player wants. Most (75%) of the block must be on the card.

You may not move any block that has already been played, unless you get the 'Take One Off' card.

Game ends when a block falls.
